Our **newest** products are highlighted in **blue**.

**First two characters of item number:**
(Major Product Category)
- DW Drinking Water
- FD Funding

**Second two characters of item number:**
(Document Type)
- BK Book, greater than 50 pages
- BL Booklet, less than 50 pages
- BR Brochure
- CD Compact Disk/ROM
- FS Fact Sheet
- PK Packet
- PS Poster
- QU Quarterly
- SW Software
- VT Video Tape

**Third two characters of item number:**
(Content Type)
- DM Design Manual
- FN Finance
- GN General Information
- MG Management
- NL Newsletter
- OM Operation and Maintenance
- PE Public Education
- PP Public-Private Partnerships (P3)
- RE Research
- RG Regulations
- TR Training

**Last two characters of item number:**
(Unique to a product within a major category)

First copy provided at no cost.

### DESIGN
- **DWBKDM01** Manual of Water Well Construction Practices ............................................ $25.05
- **DWBLDM02** Rainwater Cisterns: Design, Construction, and Water Treatment ............................................ $4.40
- **DWBLDM03** Cross-Connection Control Manual .................................... $7.05
- **DWBKDM04** Technologies for Upgrading Existing or Designing New Drinking Water Treatment Facilities ............................................ $32.85
- **DWBKDM05** Manual of Small Public Water Supply Systems ............................................ $32.25
- **DWBKDM06** Manual of Individual and Non-Public Water Supply Systems ............................................ $0.00
- **DWBKDM07** Nitrate Removal for Small Public Water Systems ............................................ $14.70
- **DWBKDM08** Regionalization Options for Small Water Systems ............................................ $7.50
- **DWBKDM12** Radionuclide Removal for Small Public Water Systems ............................................ $22.20
- **DWBKDM15** Corrosion Manual for Internal Corrosion of Water Distribution Systems ............................................ $18.90
- **DWBKDM16** Improved Protection of Water Resources from Long Term and Cumulative Pollution ............................................ $19.20
- **DWCDMD17** Workshop on the Design and Operation of Adsorptive Media Processes for the Removal of Arsenic from Drinking Water ............................................ $0.00
- **DWBKDM23** Removal of Arsenic from Drinking Water Supplies by Iron Removal Process ............................................ $0.00

### FINANCE
- **FDBLFN03** Water and Wastewater Manager’s Guide for Staying Financially Healthy ............................................ $2.10
- **DWBFN05** Financing Models for Environmental Protection: Helping Communities Meet Their Environmental Goals ............................................ $0.00
- **DWBLFN07** Innovative Options for Financing Nongovernmental Public Water Supplies’ Needs ............................................ $3.60
- **DWBFN08** Alternative Funding Study: Water Quality Fees and Debt Financing Issues ............................................ $20.10
- **DWBFN09** Drinking Water Infrastructure Needs Survey: First Report to Congress ............................................ $0.00
- **FDBKFN12** Alternative Financing Mechanisms for Environmental Programs ............................................ $30.30
- **FDBLFN13** Utility Manager’s Guide to Water and Wastewater Budgeting ............................................ $0.00

Response Protocol Toolbox: Planning for and Responding to Drinking Water Contamination Threats and Incidents

**DWBLMG65** Module 1: Water Utilities Planning Guide ...............$6.60

**DWBLMG66** Module 2: Contamination Threat Management ....$14.10

**DWBLMG67** Module 3: Site Characterization and Sampling ....$12.45

**DWBLMG68** Module 4: Analytical Guide ................................$16.65

**DWBLMG69** Module 5: Public Health Response Guide ..........$12.30

**DWBLMG70** Module 6: Remediation and Recovery Guide ....$16.65

**DWBLMG71** Response Guidelines ..................................$10.95

**DWBLMG72** Consumer Confidence Reports: Building Public Trust-National Drinking Water Standards ..............................................................................$0.00

**DWBLMG73** Protect Your Water for Life: Vulnerability Assessment Fact Sheet ..........................................................$1.05

**DWBLMG74** U.S. Environmental Protection Agency Strategic Plan for Homeland Security $7.95

**DWBKMG75** Security Information Collaboratives: A Guide for Water Utilities ......................$0.00

**DWBKMG76** A Regulator’s Guide to the Management of Radioactive Residuals from Drinking Water Treatment Technologies ......................$0.00

**DWBLMG77** Small Community Water System Handbook on Developing and Setting Water Rates ...........................................$4.35

**DWBLMG78** Financial Management Handbook for Small Community Water Systems ...............................$8.40

**DWBLMG83** Effect of pH, DIC, Orthophosphate and Sulfate on Drinking Water Cuprosolvency ...............$0.00

**DWBLMG84** Arsenic Removal From Drinking Water by Adsorptive Media, a U.S. EPA Demonstration Project at Gow, NH Six-Month Evaluation Report ............$0.00

**DWBKMG85** Water Distribution System Analysis: Field Studies, Modeling and Management; A Reference Guide for Utilities ..............................................$0.00

**DWBLMG86** A Guide to Strategic Planning for Rural Communities ..................................................$2.25

**DWBLMG88** A Financial and Technical Assistance Guide to Programs for Rural Community Water and Sewer Infrastructure Development and Water Quality ................................$0.00

**DWBLMG89** Rate Design for Small Systems ..................$2.10

**DWBLMG90** Drinking Water Security for Small Systems Serving 3,000 or Fewer Persons, One of the Simple Tools for Effective Performance (STEP) Guide .................................................$6.45

**DWCDMG91** Arsenic Removal from Drinking Water by Ion Exchange and Activated Alumina Plants $10.35

**DWBLMG93** Water Audit Guidance ......................................$1.35

**DWBLMG94** Developing and Implementing a Water Conservation Plan .................................................$4.80

**DWQUNL23** On Tap, Volume 6, Issue 3; Fall 2006 ..........$0.00

**DWQUNL24** On Tap, Volume 6, Issue 4; Winter 2007 ....$0.00

**OPERATION AND MAINTENANCE**

**DWBKOM03** Control of Biofilm Growth in Drinking Water Distribution Systems ............................................$7.95

**DWBLOM04** Training Guide: Introduction to Water Loss and Leak Detection ...................................................$5.55

**DWBLOM05** Shock Chlorination of Wells and Springs ........$6.00

**DWBKOM09** Optimizing Water Treatment Plant Performance Using the Composite Correction Program: 1998 Edition .................................$34.50

**DWFSON10** Interim Enhanced Surface Water Treatment Rule: A Quick Reference Guide .........................$0.00

**DWFSON11** Stage 1 Disinfectants and Disinfection Byproducts Rule: A Quick Reference Guide ..................$0.30

**DWBKOM12** Arsenic Removal from Drinking Water by Ion Exchange and Activated Alumina Plants $10.35

**DWBLOM13** Oxidation of Arsenic (III) by Aeration and Storage ..............................................................................$7.05
DWBKOM16  Controlling Disinfection By-Products and Microbial Contaminants in Drinking Water ..................$48.15
DWBKOM17  Arsenic Removal from Drinking Water by Coagulation/Filtration and Lime Softening Plants .........................$15.90
DWBKOM18  Treatment of Arsenic Residuals from Drinking Water Removal Processes ..................$13.65
DWFSOM19  Safety Tips: Hazard Communications ..................$0.00
DWCDOM23  Troubleshooting Guide for Small Ground Water Systems with Hypochlorination ..................$0.00
DWPKOM24  Preventive Maintenance Tasks for Tribal Drinking Water Systems ..................$0.00
DWBKOM26  Technologies and Costs for the Removal of Radon From Drinking Water: Public Comment Draft .................................$16.35
DWBROM28  Iron Bacteria Problems in Wells ..................$0.00
DWFSOM30  Drinking Water Security and Emergency Preparedness: Top Ten List ..................$0.00
DWBKOM32  Alternative Disinfectants and Oxidants Guidance Manual ..................$49.95
DWBKOM33  Arsenic Removal from Drinking Water by Iron Removal Plants ..................$10.20
DWSWOM34  Leak Audit Software for Water Utilities to Quantify Distribution System Water Losses ..................$10.85
DWBKOM35  Summary Report: Small Community Water and Wastewater Treatment ..................$11.70
DWBKOM44  Water Audit and Leak Detection Guidebook .........................................................................................$21.60
DWBLOM55  Hydrogen Sulfide in Drinking Water: Causes and Treatment Alternatives ..................$1.00
DWSWOM61  Consumer Confidence Report Writer V3.0 ..........................$10.00
DWBLOM63  Complying with the Revised Drinking Water Standard for Arsenic: Small Entity Compliance Guide: One of the Simple Tools for Effective Performance (STEP) ..............................................$0.00
DWFSOM65  Inspection of Water Storage Facilities ..................$1.20
DWBKOM66  Arsenic Treatment Technology Evaluation Handbook for Small Systems ..................$0.00
DWCDOM70  Ohio EPA: Developing A Drinking Water Source Protection Plan ..................$0.00
DWCDOM71  Illinois Source Water Protection: Guide to Developing A Source Water Protection Plan ..................$0.00
DWCDOM72  Indiana Source Water Protection Plan: Guide to Developing A Source Water Protection Plan ..................$0.00
DWFSOM75  Technology Testing and Evaluation Program ..................$0.30
DWCDOM76  Cross-Connection Control Manual (CD) ..................$0.00
DWBKOM77  Long Term 1 Enhanced Surface Water Treatment Rule Turbidity Provision Technical Guidance Manual ..................$0.00
DWBLOM78  Potential Contamination Due to Cross-Connections and Backflow and the Associated Health Risks .................................................................................$6.15
DWFSOM79  Water Facts Number 2: Microorganisms in your Water Well ..................$0.30
DWFSOM80  Water Facts Number 5: Shock-Chlorination of Domestic Wells ..................$0.30
DWPCOM84  Water and Waste Water Treatment Formulas ..................$0.00
DWBLM86  Tribal Drinking Water Operator Certification Program ..................$1.95
DWBLM90  How to Take a Routine Bac-T Sample ..................$1.50
DWCDOM91  Emergency Planning Interactive Guide for Small Water Utilities ..................$10.00
DWBLM92  Public Water System Emergency Planning for Small Water Utilities ..................$7.35
DWBKOM93  Point-of-Use or Point-of-Entry Treatment Options for Small Drinking Water Systems ..................$0.00

Tech Brief

DWPKOM36  Complete Package .........................................................................................(Call for current pricing)
DWSOM15  Reservoirs, Towers, and Tanks—Drinking Water Storage Facilities ..................$0.60
DWFSOM20  System Control and Data Acquisition (SCADA) ..................$0.60
DWFSOM21  Valves ..................$0.60
DWFSOM25  Water Quality in Distribution Systems ..................$0.60
DWFSOM27  Water Hammer ..................$0.60
DWFSOM31  Point-of-Use/Point-of-Entry Systems (POU/POE) ..................$0.60
DWPSOM37  Treatment Technologies for Small Drinking Water Systems ..................$0.85
DWFSOM38  Leak Detection and Water Loss Control ..................$0.60
DWFSOM39  Diatomaceous Earth Filtration for Drinking Water ..................$0.60
DWFSOM40  Slow Sand Filtration ..................$0.60
DWFSOM41  Lime Softening ..................$0.60
DWFSOM42  Iron and Manganese Removal ..................$0.60
DWFSOM43  Membrane Filtration ..................$0.60
DWFSOM44  Ozone ..................$0.60
DWFSOM45  Radionuclides ..................$0.60
DWFSOM46  Ion Exchange and Demineralization ..................$0.60
DWFSOM47  Organic Removal ..................$0.60
DWFSOM48  Package Plants ..................$0.60
DWFSOM49  Water Treatment Plant Residuals Management ..................$0.60
DWFSOM50  Disinfection ..................$0.60
DWFSOM51  Filtration ..................$0.60
DWFSOM52  Corrosion Control ..................$0.60
DWFSOM53  Ultraviolet Disinfection ..................$0.60
DWFSOM56  Pumps ..................$0.60
Please Note: Free items are limited to one each per order, shipping charges apply for all items.

DWBLPE121  Protect Our Health From Source to Tap: National Drinking Water Program Highlights ...............................................$0.00
DWFSPE122  Drinking Water: Past, Present, and Future ..................................................$0.60
DWBLPE123  Drinking Water and Health: What you need to know! .................................................$1.35
DWBRPE124  Answers to your Questions about Groundwater .................................................................$0.00
DWPSPE125  Safe Drinking Water Act: Protecting America’s Public Health .................................................$0.00
DWFSPE126  Nitrate—A Drinking Water Concern .................................................................$0.55
DWFSPE127  Home Water Treatment Using Activated Carbon ..............................................................$0.65
DWFSPE128  You & Your Well ...........................................................................................................$0.15
DWBLPE129  Better Homes & Groundwater ..................................................................................$0.00
DWBLPE130  Answers to Your Questions on Well Abandonment .................................................................$0.00
DWFSPE131  Drinking Water Monitoring, Compliance, and Enforcement ..............................................$0.00
DWPSPE132  Safe Drinking Water Act: Underground Injection Control (UIC) Program—Protecting Public Health and Drinking Water Resources .............................................$0.00
DWBLPE133  Protecting Drinking Water Through Underground Injection Control ........................................$0.00
DWBLPE136  Consider the Source: A Pocket Guide to Protecting Your Drinking Water ...........................................$0.00
DWBLPE137  Teaching Soil and Water Conservation: A Classroom and Field Guide ......................................$0.00
DWCDPE138  Desdemona’s Splash ....................................................................................................$12.50
DWCDPE139  The Living Landscape ....................................................................................................$8.00
DWFSPE140  Bacteriological Contamination of Drinking Water ........................................................................$0.00
DWFSPE141  Tests for Drinking Water from Private Wells ..............................................................................$0.00
DWFSPE142  Safe Drinking Water Act: Glossary .......................................................................................$0.45
DWFSPE143  Reverse Osmosis for Home Treatment of Drinking Water .....................................................$0.65
DWFSPE144  Distillation For Home Water Treatment ....................................................................................$0.65
DWBLPE145  Conserve Water ...............................................................................................................$1.30
DWBLPE146  Big Rivers .......................................................................................................................$2.15
DWBLPE147  Domestic Water Treatment for Homeowners .............................................................................$1.90
DWBLPE148  When You Need a Water Well ..............................................................................................$1.90
DWBLPE149  Water Conservation In Your Home .......................................................................................$1.90
DWBLPE150  America’s Priceless Ground Water Resource ...........................................................................$1.90
DWBLPE151  Ground Water A Source of Wonder: Drinking Water from Sources .............................................$1.45
DWBLPE152  Discover Ground Water & Springs ...........................................................................................$1.70
DWFSPE153  Groundwater Contamination & Your Septic System ..............................................................$0.30
DWBLPE154  Lead Leaching from Submersible Well Pumps ............................................................................$1.50
DWBLPE155  Safeguarding Wells and Springs from Bacterial Contamination .................................................$0.15
DWBLPE156  SPRINGS: Their Origin, Development, and Protection ..............................................................................$1.50
DWBRPE157  Volatile Organic Chemicals: Are VOCs in your drinking water? ..................................................$0.30
DWBLPE158  Well Abandonment ..............................................................................................................$0.15
DWBLPE159  Wellhead Protection in Confined, Semi-Confined, Fractured, and Karst Aquifer Settings ..................$1.20
DWFSPE160  Sampling for Bacteria in Wells .................................................................................................$0.15
DWFSPE161  Sampling for Bacteria in Wells (Spanish) ....................................................................................$0.15
DWBRPE162  Cryptosporidium and Drinking Water .........................................................................................$0.35
DWBLPE163  Xeriscape...Landscape Water Conservation .................................................................$9.30
DWBLPE164  Pesticide Properties That Affect Water Quality ..............................................................................$1.70
DWBRPE166  Plugging Abandoned Water Wells ............................................................................................$2.15
DWBLPE167  Your Guide to Public Drinking Water .......................................................................................$2.10

DWFSPE191  Legionella: Drinking Water Fact Sheet ......................................................................................$0.45
DWBLPE192  Mycobacteria: Health Advisory ...............................................................................................$4.95
DWBLPE193  Cryptosporidium: Drinking Water Health Advisory ..........................................................................$4.50
DWBLPE194  Setting Standards for Safe Drinking Water (Spanish) .........................................................................$0.00
Healthy Drinking Water for Rhode Islanders:

- DWFSPE288 Distillation Treatment of Drinking Water Supplies $0.60
- DWFSPE289 Arsenic in Private Drinking Water Wells $0.60
- DWFSPE290 Copper in Private Drinking Water Wells $0.60
- DWFSPE291 Bacteria in Private Drinking Water Wells $0.60
- DWFSPE292 Aeration Treatment of Drinking Water Supplies $0.60
- DWFSPE293 Drinking Water Standards $0.60
- DWFSPE294 Questions to Ask When Purchasing Home Water Treatment Equipment $0.60
- DWFSPE295 Nitrate-Nitrogen in Private Drinking Water Wells $0.60
- DWFSPE296 Ozone Treatment of Drinking Water Supplies $0.60
- DWFSPE297 Lead in Private Drinking Water Wells $0.60
- DWFSPE298 Man-Made Chemicals in Private Drinking Water Wells $0.60
- DWFSPE299 Iron and Manganese in Private Drinking Water Wells $0.60
- DWFSPE302 Radon in Private Drinking Water Wells $0.60
- DWFSPE303 Reverse Osmosis Treatment of Drinking Water Suppliers $0.60
- DWFSPE305 pH-Acidity of Private Drinking Water Supplies $0.60
- DWFSPE306 Microfiltration Treatment of Drinking Water Supplies $0.60
- DWFSPE307 Sodium Chloride in Private Drinking Water Wells $0.60
- DWFSPE308 Ion Exchange Treatment of Drinking Water Supplies $0.45

Treatment Systems for Household Water Supplies:

- DWFSPE275 Distillation $1.30
- DWFSPE276 Iron and Manganese Removal $2.55
- DWFSPE277 Softening $1.30
- DWFSPE280 Chlorination $1.30
- DWFSPE281 Activated Carbon Filtration $2.50

REGULATIONS

- DWBLRG04 Your Drinking Water: From Source to Tap, EPA Regulations and Guidance $2.55
- DWBLRG12 Monitoring Guidance Document for the Lead & Copper Rule (Systems serving 3,301–10,000 people) $5.55
- DWBLRG13 Monitoring Guidance Document for the Lead & Copper Rule (Systems serving 501–3,300 people) $5.55
- DWBLRG14 Monitoring Guidance Document for the Lead & Copper Rule (Systems serving 101–500 people) $5.70
RESEARCH

DWBLRE01  Impact of Pipe Coatings on Drinking Water Quality .........................................................$1.35
DWBLRE06  Benefits of Water and Wastewater Infrastructure .................................................................$0.00
DWBLRE07  Radium Removal from Water by Manganese Dioxide Adsorption and Diatomaceous Earth Filtration .................................................................$0.00
DWBKRE11  Control of Lead and Copper in Drinking Water .................................................................$17.10
DWBKRE15  Ultraviolet Light Disinfection Technology in Drinking Water Application: An Overview .........................................................$38.85
DWBLRE17  Summary Results of EPA's National Survey of Pesticides in Drinking Water Wells .................$2.40
DWBLRE18  National Pesticide Survey: Update and Summary of Phase II Results .........................................................$0.90
DWBLRE19  Occurrence and Distribution of Methyl tert-Butyl Ether and Other Volatile Organic Compounds in Drinking Water in the Northeast and Mid-Atlantic Region of the United States, 1993-98 .........................................................$6.75
DWBLRE20  Drinking Water Treatment for Small Communities: A Focus on EPAs Research .........................$0.00

DWBKRE21  Laboratory Study on the Oxidation of Arsenic III to Arsenic V .........................................................$14.25
DWBLRE24  Estimating the Likelihood of MTBE Occurrence in Drinking Water Supplied by Ground-Water Sources in the Northeast and Mid-Atlantic Regions of the United States .........................................................$1.80
DWBKRE25  Methods for the Determination of Organic and Inorganic Compounds in Drinking Water: Volume I .........................................................$0.00

TRAINING

DWBLTR05  Water Rates: Information for Decision Makers .................................................................$2.85
DWBKTR12  Directory of Drinking Water Training Materials .................................................................$11.70
DWCDTR18  Operator Basics Training Series: Ground Water Systems-National Version 2005 .........................................................$10.00
DWCDTR19  Sanitary Survey Fundamentals Prep Course .................................................................$10.00
DWCDTR20  Point-Of-Use Reverse Osmosis—Complying with Arsenic Regulations in Small Drinking Water Systems .........................................................$0.00

DWCDTR21  Microbial Risk Assessment Tool .................................................................$0.00
DWCDTR22  Virtual System Explorer 2006 .................................................................$0.00
DWCDTR23  Small Utility Board Training .................................................................$0.00
**Ordering Information**

**Phone:**
(800) 624-8301 or
(304) 293-4191
Business hours are 8 a.m. to 5 p.m. Eastern Time

**E-mail:**
info@mail.nesc.wvu.edu

**Fax:**
(304) 293-8651

**Mail:**
National Environmental Services Center
West Virginia University
P.O. Box 6064
Morgantown, WV 26506-6064

Please indicate the product item number, title, cost, quantity, and total for each item ordered. Make sure you include your name, affiliation, address, and phone number with each order.

Free items are limited to one of each per order.

Shipping charges reflect the actual costs of shipping all orders. All orders from outside the U.S. (excluding Canada) must be prepaid.

All payments must be in U.S. dollars using VISA, MasterCard, Discover, check, or money order.

To place your order using VISA, MasterCard, or Discover, include your credit card number, expiration date, and signature on the order form.

Make checks payable to WVU Research Corporation.

Allow two to four weeks for delivery.
