

Daily Transportation Schedule for NETCSC Institute, July 27 to July 30, 2004 To and from hotels and classe
revised 7-23-04

Parking space is extremely limited at the Mountainlair Conference Center. We recommend using the daily shuttles rather than personal vehicles, except where noted. Please let us know if you have special needs. Shuttle bus stops are at the Radisson, the Clarion Hotel Morgan, and at the outside, front steps of the Mountainlair.

On Thursday and Friday, a separate shuttle van runs between the hotels and the West Virginia Onsite Training Center (WVOTC) for the Alternative Onsite Wastewater Treatment Technologies course (course P). A bus departing about 10 minutes later, leaves the hotels for the Mountainlair for all other classes, including the morning and afternoon facility tours on Thursday. More information on transportation to and from Thursday's facility tours and the Coopers Rock barbeque is provided on the back of this sheet.

*** See other side for information on transportation on Friday afternoon.

Alternative Onsite Wastewater Treatment Technologies Transportation

The Alternative Onsite Wastewater Treatment Technologies course (course P) on Thursday and Friday is held at a separate location. Participants in this course should report directly to the West Virginia Onsite Training Center (WVOTC) on Chestnut Ridge rather than to the Mountainlair. A shuttle van leaves from the hotels for the WVOTC at 8:00 AM (Radisson) and 8:10 AM (Clarion Hotel Morgan). Note: this van does not stop at the Mountainlair. You may also drive to this course if you prefer since adequate free parking is available at the WVOTC. Directions and maps are available.

Facility Tours Transportation

The Thursday morning tour of the Cheat Lake Wastewater Treatment Plant (course N) will leave from the front of the Mountainlair at 9:15 AM. The tour will take approximately two hours. Participants will be back at the Mountainlair before noon.

The Thursday afternoon onsite wastewater treatment demonstration tour on Chestnut Ridge (course O) will leave from the front of the Mountainlair at 1:15 PM. This tour will end at approximately 5:00. Participants will be dropped off at the evening cookout at nearby Coopers Rock State Forest. Those who do NOT wish to attend the cookout should remain on the bus, which will continue back to Morgantown stopping at the hotels and the Mountainlair.

Coopers Rock Cookout Transportation

For those taking classes at the Mountainlair, the shuttle to the cookout will leave from the front of the Mountainlair at 4:45 PM. The bus will stop at both hotels. However, these stops are only to drop off those who do NOT wish to attend the cookout or who wish to use their own transportation. There is not enough time to allow people to stop at their hotel and then return to the bus. Therefore people who wish to attend the cookout using the shuttle bus should stay on the bus. They should also plan for a long day. The bus will leave the cookout at 8:15 PM and return people to their hotels. Coopers Rock is at a higher elevation than Morgantown and is sometimes cool in the evening, even in summer. Bringing a light sweater or sweatshirt is suggested. Some time will be available for sightseeing at Coopers Rock before the cookout. Please stay on marked trails.

Those taking the afternoon facility tour on Chestnut Ridge (O) or the Alternative Onsite Wastewater Treatment Technologies course (P), will be dropped off directly at the Coopers Rock cookout. For those who do NOT wish to attend the cookout, transportation will be available from this point back to the Mountainlair and the hotels.

Friday Afternoon Transportation from Mountainlair

Please notify NETCSC staff on Friday morning if you will need transportation to either of the hotels on Friday afternoon and we will arrange to drop you off.

Please let us know ahead of time if you have any special transportation needs.
