

Daily Transportation Schedule for NETCSC Institute, July 29 to August 1, 2003 To and from hotels and classes

Parking space is limited at the Mountainlair Conference Center. We recommend using the daily shuttles rather than personal vehicles whenever possible. Please let us know if you have special needs. Shuttle bus stops are at Friends Inn; Hampton Inn; Econo Lodge; Clarion Hotel Morgan; at the outside, front steps of the Mountainlair; and, on Thursday and Friday, the West Virginia Onsite Training Center for the Alternative Onsite Wastewater Treatment Technologies course.

*See other side for information on transportation to and from facility tours and Coopers Rock barbeque.

Facility Tours Transportation

The morning tour of the Cheat Lake Wastewater Treatment Plant will leave from the front of the Mountainlair at 8:45 AM. The tour will take approximately two hours. Participants will be back at the Mountainlair before noon.

The afternoon onsite wastewater treatment demonstration tour on Chestnut Ridge will leave from the front of the Mountainlair at 1:15 PM. This tour will end at approximately 5:00. Participants will be dropped off at the evening cookout at nearby Coopers Rock State Forest. Those who do NOT wish to attend the cookout should remain on the bus, which will continue back to Morgantown stopping at the Mountainlair and the hotels.

Coopers Rock Cookout Transportation

For those taking classes at the Mountainlair, the shuttle to the cookout will leave from the front of the Mountainlair at 4:15 PM. The bus will stop at all hotels. However, these stops are only to drop off those who do NOT wish to attend the cookout. There is not enough time to allow for people to stop at their hotel and then return to the bus. Therefore people who wish to attend the cookout and use the shuttle bus should stay on the bus. They should also plan for a long day. The bus will leave the cookout at 8:15 PM and return people to their hotels. Coopers Rock is at a higher elevation than Morgantown and is sometimes cool in the evening, even in summer. Bringing a light sweater or sweatshirt is suggested.

Those taking the afternoon facility tour on Chestnut Ridge or the Alternative Onsite Wastewater Treatment Technologies course, will be dropped off directly at the Coopers Rock cookout. For those who do NOT wish to attend the cookout, transportation will be available from this point back to the Mountainlair and the hotels.

Please let us know ahead of time if you have any special transportation needs.
