**ITEM NUMBER BREAKDOWN**

Our **newest** products are highlighted in **blue**.

**First two characters of item number:**
(Major Product Category)
- DW Drinking Water
- FD Funding

**Second two characters of item number:**
(Document Type)
- BK Book, greater than 50 pages
- BL Booklet, less than 50 pages
- BR Brochure
- CD Compact Disk/ROM
- FS Fact Sheet
- PK Packet
- PS Poster
- QU Quarterly
- SW Software
- VT Video Tape

**Third two characters of item number:**
(Content Type)
- DM Design Manual
- FN Finance
- GN General Information
- MG Management
- NL Newsletter
- OM Operation and Maintenance
- PE Public Education
- PP Public-Private Partnerships (P3)
- RE Research
- RG Regulations
- TR Training

**Last two characters of item number:**
(Uniquely identifies a product within a major category)

▲ First copy provided at no cost.

**DESIGN**

- DWBKDM01 Manual of Water Well Construction Practices .......................................................... $25.05
- DWBLDM02 Rainwater Cisterns: Design, Construction, and Water Treatment ................................ $4.40
- DWBLDM03 Cross-Connection Control Manual .................. $7.05
- DWBKDM04 Technologies for Upgrading Existing or Designing New Drinking Water Treatment Facilities ...................................................... $32.85
- DWBKDM05 Manual of Small Public Water Supply Systems ......................................................... $32.25
- DWBKDM06 Manual of Individual and Non-Public Water Supply Systems ................................ $0.00
- DWBKDM07 Nitrate Removal for Small Public Water Systems ....................................................... $14.70
- DWBKDM08 Regionalization Options for Small Water Systems ....................................................... $7.50
- DWBKDM12 Radionuclide Removal for Small Public Water Systems .............................................. $22.20
- DWBKDM15 Corrosion Manual for Internal Corrosion of Water Distribution Systems .................. $18.90
- DWBKDM16 Improved Protection of Water Resources from Long Term and Cumulative Pollution .. $19.20
- DWCDDM17 Workshop on the Design and Operation of Adsorptive Media Processes for the Removal of Arsenic from Drinking Water ................................................................. $10.00
- DWBKDM23 Removal of Arsenic from Drinking Water Supplies by Iron Removal Process ............. $0.00
- DWCDDM24 Arsenic Removal from Drinking Water by Adsorptive Media .................................... $10.00

**FINANCE**

- FDBLFN03 Water and Wastewater Manager’s Guide for Staying Financially Healthy .................. $0.00
- DWBKFN05 Financing Models for Environmental Protection: Helping Communities Meet Their Environmental Goals .................................................. $0.00
- DWBLFN07 Innovative Options for Financing Nongovernmental Public Water Supplies' Needs .................................................. $3.60
- DWBKFN08 Alternative Funding Study: Water Quality Fees and Debt Financing Issues ................. $20.10
- DWBKFN09 Drinking Water Infrastructure Needs Survey: First Report to Congress ........................ $0.00
- FDBKFN12 Alternative Financing Mechanisms for Environmental Programs ................................ $30.30
- FDBLFN13 Utility Manager’s Guide to Water and Wastewater Budgeting .................................... $0.00
FDBLN14 State and Local Government Guide to Environmental Program Funding Alternatives ...........................................$4.20

DWBKFN15 Catalog of Financial Support Sources for U.S.-Mexico Border Water Infrastructure ..................................$10.80

FDBLN15 Road to Financing: Assessing and Improving Your Community’s Creditworthiness ........................................$0.00

DWFSFN16 Community Facilities Loans and Grants ...........................................$0.30

DWFSFN17 Using DWSRF Funds to Comply with the Filter Backwash Recycling Rule ........................................$0.60

DWFSFN18 Using DWSRF Funds for Transmission and Distribution Infrastructure Needs ............................$0.60

DWBKFN19 Setting Small Drinking Water System Rates for a Sustainable Future: One of the Simple Tools for Effective Performance (STEP) Guide Series ........................................................................$0.00

DWBKFN30 Catalog of Federal Funding Sources for Watershed Protection ...........................................$0.30

DWFSFN32 Using DWSRF Funds to Comply with the New Arsenic Rule ...........................................$0.60

DWBKFN33 Drinking Water Infrastructure Needs Survey: Second Report to Congress ........................................$0.00

FDBKFN34 The Drinking Water State Revolving Fund: Financing America’s Drinking Water—A Report of Progress ........................................................................$0.00

DWFSFN35 Partners in Healthy Drinking Water Grants ................................................................................$0.30

DWFSFN36 Drinking Water Costs & Federal Funding ...........................................$0.30

DWFSFN37 Protecting Drinking Water with the Clean Water State Revolving Fund ...........................................$0.60

DWBLFN38 Guide to Using EPA’s Automated Clearing House for the Drinking Water State Revolving Fund Program ........................................................................$4.50

DWFSFN39 Use of the Drinking Water State Revolving Fund (DWSRF) to Implement Security Measures at Public Water Systems ........................................................................$0.60

DWFSFN41 1999 Drinking Water Infrastructure Needs Survey ................................................................................$0.30

DWBLFN42 Sources of Technical and Financial Assistance for Small Drinking Water Systems ...........................................$3.15

DWBLFN43 Evaluating Water System Financial Performance and Financing Options ...........................................$3.45

DWBKGN28 Designing a Water Conservation Program: An Annotated Bibliography of Source Materials ........................................................................$12.90

DWBKGN36 Outreach Resource Guide ...........................................$0.00

DWBKGN41 Providing Solutions for a Better Tomorrow: A Progress Report on U.S. EPA’s Drinking Water Treatment Technology Demonstrations in Ecuador, Mexico, and China ........................................................................$0.00

DWBKGN43 Nutrient Management to Protect Water Quality ........................................................................$1.95

DWFSFN44 A Guide to Home Water Treatment ................................................................................$2.05

DWBKGN45 Using Water Wisely in the Home ................................................................................$0.30

DWFSFN46 Iron in Drinking Water ................................................................................$0.00

DWFSFN47 Drinking Water Treatment ................................................................................$0.45

DWBKGN48 National Water Quality Inventory: 1998 Report to Congress—Ground Water and Drinking Water Chapters ................................................................................$0.00

DWCDBG50 Drinking Water Know What’s In It For You ................................................................................$10.00

DWFSFN51 Safe Drinking Water Information in Envirofacts ................................................................................$0.30

DWBKGN52 The History of Drinking Water Treatment ................................................................................$0.60

DWBKGN53 Community Involvement in Drinking Water Source Assessments ................................................................................$0.60

DWBKGN54 Water Facts ................................................................................$0.30

DWBKGN55 The Quality of Our Nation’s Waters—A Summary of the National Water Quality Inventory: 1998 Report to Congress ................................................................................$0.00

DWBKGN56 Drinking Water Academy Training for Federal, State, and Tribal Drinking Water Professionals ................................................................................$0.30

DWBKGN57 Wellhead Protection: An ounce of prevention ................................................................................$0.30

DWBKGN58 Arsenic in Drinking Water ................................................................................$0.00

DWBKGN59 Volatile Organic Chemicals in Drinking Water ................................................................................$0.00

DWBKGN60 Lead in Drinking Water ................................................................................$0.00

DWBKGN61 Healthy Water, Healthy People ................................................................................$2.05

DWBKGN62 Celebrate Wetlands ................................................................................$2.05

DWBKGN63 The Water Story ................................................................................$2.05

DWBKGN64 Safe Drinking Water Act Section 1429 Ground Water Report to Congress ................................................................................$0.00

DWBKGN65 Strengthening the Safety of Our Drinking Water: Report on Progress & Challenges & Agenda for Action ................................................................................$4.05

---

**GENERAL INFORMATION**

**DWCDCS01** Arsenic Removal from Drinking Water by Iron Removal; USEPA Demonstration Project at Climax, MN (Six Month Evaluation Report) ...........................................$10.00

**DWBKGN02** Lead Ban: Preventing the Use of Lead in Public Water Systems and Plumbing Used for Drinking Water ................................................................................$0.00

**DWBKGN03** Public Water Systems: Providing Our Nation’s Drinking Water ................................................................................$0.30

**DWBKGN06** Improving the Viability of Existing Small Drinking Water Systems ................................................................................$6.75

**DWBKGN09** Environmental Pollution Control Alternatives: Drinking Water Treatment for Small Communities ................................................................................$11.40

**DWBKGN11** USEPA Fact Sheets on POU/POE Units and Home Water Testing ................................................................................$1.65

**DWBKGN17** Water Quality Self-Help Checklist ................................................................................$0.00

**DWBKGN19** Lead in Drinking Water: An Annotated List of Publications ................................................................................$0.00

**DWBKGN20** Technical & Economic Capacity of States & Public Water Systems To Implement Drinking Water Regulations ................................................................................$0.00

**DWBKGN21** Cryptosporidium ................................................................................$2.85

**DWBKGN24** Drinking Water Glossary: A Dictionary of Technical and Legal Terms Related to Drinking Water ................................................................................$0.00

**DWBKGN36** Outreach Resource Guide ................................................................................$0.00

**DWBKGN41** Providing Solutions for a Better Tomorrow: A Progress Report on U.S. EPA’s Drinking Water Treatment Technology Demonstrations in Ecuador, Mexico, and China ................................................................................$0.00

**DWBKGN43** Nutrient Management to Protect Water Quality ................................................................................$1.95

**DWBKGN44** A Guide to Home Water Treatment ................................................................................$2.05

**DWBKGN45** Using Water Wisely in the Home ................................................................................$0.30

**DWBKGN46** Iron in Drinking Water ................................................................................$0.00

**DWBKGN47** Drinking Water Treatment ................................................................................$0.45

**DWBKGN48** National Water Quality Inventory: 1998 Report to Congress—Ground Water and Drinking Water Chapters ................................................................................$0.00

**DWBKGN50** Drinking Water. Know What’s In It For You ................................................................................$10.00

**DWBKGN51** Safe Drinking Water Information in Envirofacts ................................................................................$0.30

**DWBKGN52** The History of Drinking Water Treatment ................................................................................$0.60

**DWBKGN53** Community Involvement in Drinking Water Source Assessments ................................................................................$0.60

**DWBKGN54** Water Facts ................................................................................$0.30

**DWBKGN55** The Quality of Our Nation’s Waters—A Summary of the National Water Quality Inventory: 1998 Report to Congress ................................................................................$0.00

**DWBKGN56** Drinking Water Academy Training for Federal, State, and Tribal Drinking Water Professionals ................................................................................$0.30

**DWBKGN57** Wellhead Protection: An ounce of prevention ................................................................................$0.30

**DWBKGN58** Arsenic in Drinking Water ................................................................................$0.00

**DWBKGN59** Volatile Organic Chemicals in Drinking Water ................................................................................$0.00

**DWBKGN60** Lead in Drinking Water ................................................................................$0.00

**DWBKGN61** Healthy Water, Healthy People ................................................................................$2.05

**DWBKGN62** Celebrate Wetlands ................................................................................$2.05

**DWBKGN63** The Water Story ................................................................................$2.05

**DWBKGN64** Safe Drinking Water Act Section 1429 Ground Water Report to Congress ................................................................................$0.00

**DWBKGN65** Strengthening the Safety of Our Drinking Water: Report on Progress & Challenges & Agenda for Action ................................................................................$4.05

DWBLRE07  Radium Removal from Water by Manganese Dioxide Adsorption and Diatomaceous Earth Filtration .................................................................$0.00
DWBKRE11  Control of Lead and Copper in Drinking Water .....................................................$17.10
DWBKRE15  Ultraviolet Light Disinfection Technology in Drinking Water Application: An Overview ....$38.85
DWBLRE17  Summary Results of EPA’s National Survey of Pesticides in Drinking Water Wells ....$2.40
DWBLRE18  National Pesticide Survey: Update and Summary of Phase II Results .........................$0.90
DWBLRE19  Occurrence and Distribution of Methyl tert-Butyl Ether and Other Volatile Organic Compounds in Drinking Water in the Northeast and Mid-Atlantic Region of the United States, 1993-98 ..................................................$6.75
DWBLRE20  Drinking Water Treatment for Small Communities: A Focus on EPAs Research ......$0.00
DWBKRE21  Laboratory Study on the Oxidation of Arsenic III to Arsenic V ..................................$14.25
DWBLRE24  Estimating the Likelihood of MTBE Occurrence in Drinking Water Supplied by Ground-Water Sources in the Northeast and Mid-Atlantic Regions of the United States ...........................................$1.80
DWBKRE25  Methods for the Determination of Organic and Inorganic Compounds in Drinking Water: Volume 1 ............................................................................$71.10
DWBKRE26  Drinking Water Progress Review Workshop for the 1995-1998 Science to Achieve Results (STAR) Grants ...............................................................$0.00
DWBKRE27  A Field Study to Compare Performance of Stainless Steel Research Monitoring Wells with Existing On-Farm Drinking Water Wells in Measuring Pesticide and Nitrate Concentrations ..............................................................................$0.00
DWBKRE29  Drinking Water and Ground Water Data Within the 305(b) Program .........................$16.95
DWBLRE30  Occurrence of Selected Radionuclides in Ground Water Used for Drinking Water in the United States: A Reconnaisance Survey, 1998 .........................................................$5.85
DWBLRE31  Assessing Ground-Water Vulnerability to Contamination: Providing Scientifically Defensible Information for Decision Makers .........................................................$0.50
DWCDRE32  Interactive Workshop on Arsenic Removal from Drinking Water ...............................$0.00
DWBKRE33  Delivering Timely Water Quality Information to Your Community: The Jefferson Parish-Louisiana Project .................................................................$0.00

TRAINING
DWBLTR05  Water Rates: Information for Decision Makers .......................................................$2.85
DWBKTR12  Directory of Drinking Water Training Materials......................................................$11.70
DWCDTR18  Operator Basics Training Series: Ground Water Systems-National Version 2005 ...$10.00▲
DWCDTR19  Sanitary Survey Fundamentals Prep Course ..........................................................$10.00▲
DWCDTR20  Point-Of-Use Reverse Osmosis—Complying with Arsenic Regulations in Small Drinking Water Systems ..........................................................$0.00
DWCDTR21  Microbial Risk Assessment Tool .................................................................................$0.00
DWCDTR22  Virtual System Explorer 2006 ..................................................................................$0.00
DWCDTR23  Small Utility Board Training ....................................................................................$0.00
DWCDTR24  Contamination Explorer: Technical Assistance for Small Water Systems ......$0.00
**Ordering Information**

**Phone:**
(800) 624-8301 or 
(304) 293-4191

Business hours are 8 a.m. to 5 p.m. Eastern Time

**E-mail:**
info@mail.nesc.wvu.edu

**Fax:**
(304) 293-8651

**Mail:**
National Environmental Services Center
West Virginia University
P.O. Box 6064
Morgantown, WV 26506-6064

Please indicate the product item number, title, cost, quantity, and total for each item ordered. Make sure you include your name, affiliation, address, and phone number with each order.

**Free items are limited to one of each per order.**

Shipping charges reflect the actual costs of shipping all orders. All orders from outside the U.S. (excluding Canada) must be prepaid.

All payments must be in U.S. dollars using VISA, MasterCard, Discover, check, or money order.

To place your order using VISA, MasterCard, or Discover, include your credit card number, expiration date, and signature on the order form.

Make checks payable to WVU Research Corporation.

Allow two to four weeks for delivery.
